**Sahaja Yogi:** The prior the result would be better than the last time.

**Śhrī Mātāji:** I don't know. See, these politicians nothing to choose.

**Sahaja Yogi:** [Laughs.] Very [unclear].

**Śhrī Mātāji:** You see, they have no concern for anyone, no concern. Very selfish. All over the world they are just the same. I mean, is not only in India [but] everywhere.

The other day we had a film about Mister Bush and the, he is responsible just with [unclear]. You see, [unclear run contrar] and all that, is responsible for that.

**Sahaja Yogi:** Hmm.

**Śhrī Mātāji:** Very serious.

Here also, I was reading in the newspaper, so many deeds and things, which are being discovered now. I mean, imagine!

**Sahaja Yogi:** Terrible.

Is one of [unclear] discovered.

**Śhrī Mātāji:** Hmm?

**Sahaja Yogi** [louder]: Is one of [unclear] been discovered here, Mother.

**Śhrī Mātāji:** Must have.

**1990-0301 Conversation with Sahaja Yogis, On Arrival, Āśhram, Perth, WA, Australia**

**Lady:** Mother, Gorbachev was born realized? [Śhrī Mātāji drinks water.]

**Stephen Taylor** [summarizes]: Mister Gorbachev is realized?

**Śhrī Mātāji:** Yes, he is very much. Thank God for that! [Laughs.]

**Another lady:** What about Mister Bush then?

**Śhrī Mātāji:** Who?

**Lady:** Mister Bush.

**Sahaja Yogi:** Mister Bush.

**Śhrī Mātāji:** [Gestures with her eyes, laughter.] You can give him Realization. You can.

**Lady:** What for? [Laughter.]

**Śhrī Mātāji:** [Smiles.] Eh, is better not to ask about them. [Laughter.]

You see, even Americans don't understand sometimes that if Gorbachev has eh opted for democracy he's not opted for an American style of democracy. Because American democracy has not created very good atmosphere. It's a, if you go to America, you can't even wear a wedding ring. They can kill you even for a wedding ring. Such a situation is there. Horrible!

[Sighing:] And I was going once on a Los Angeles road and the one who was driving Me told Me that, "Mother, put down Your head." I said, "Why?" He said, "On this road, last week, eleven people were killed." I said, "Why?" "For the heck of it." "Is for the heck of it? So mad?"

So that [American] democracy has not created a good society, not good society.

They have money, that's all. But money is also not so much well-balanced, I would say: it doesn't create good people, good children, good families. It should be the money which is auspicious, which should create good atmosphere.

And very ss-sick people there are. Certain are very silly also, stupid.

Like eighty-two-year-old people, cinema actors and actresses, going for a shake dance. They're already shaking! [Laughter.] I mean, this I can't understand!

**Gentleman:** It's all [unclear].

**Śhrī Mātāji:** [Laughs.] And they, uh uh they want to ride horses at the age of ninety-two years of age. And then they fall down and die. What is the need at ninety-two to hor... ride a horse?

I mean, there's no maturity. If democracy cannot mature you, then it's not nourishing. It must mature you. You must become a wiser person. If you still remain a sixteen-year-old brat, wha[t']s the use?

So, it [the American democracy] has failed somewhere. As communism has failed, it has also failed. But Gorbachev could see it. Mister Bush has to also see that.

Also the way they are supporting these Azerbaijanis. See, horrible people, these Azerbaijan[is].

I've been there, I've been to Samarkand and I've been to all these places, and they were rolling in luxuries, rolling in luxuries when I went there: thousand time better than their neighbors Afghanis.

But they said, "We are very miserable because we can't follow Islam." But I said, "Why do you want to follow Islam? What Islam has done good or Christianity has done good? Why are you so much anxious to follow Islam?" "No, we must have."

And now the Iranians are penetrating that. And if you support these Azerbaijanis you are supporting the Iranians and their fundamentalism!

So there's no thought given to it. It's not a proper vision: it's a very blurred vision. One should see clearly, 'What we are doing? Who are we helping? There should be some principle in what we are doing.'

Imagine, Abraham Lincoln who started, who was a realized Soul himself! And how far you have taken him there? And there's only one single road somewhere in his name. I mean, nobody bothers about the principles he established.

So, something has gone wrong there. So we must s-sit back and see that, 'What's wrong with our democracy?'

And in all these democratic countries, all kinds of false gurus have prospered. Because everybody has freedom to give the money to whosoever they like."

**1990-0316 Public Program, Day 1, Swādhiṣṭhān, Thinking, Illness, Hilton Hotel, Sydney, New South Wales, Australia**

"King was telling Me that, "When this uh-uh-uh Bush came here, they had to spend millions and millions for him, while our Mother just comes straightforward, She doesn't need any security." I said, "I am a security of the whole world. Why do I need a [Laughing:] security?" "

**1992-0219 Talk to Sahaja Yogis, after 1st Public Program and before the Film, Brisbane, Queensland, Australia**

“And the other day I read a new... uh article about it that, pope asked Mister Bush to send him all kinds of weapons and ammunitions and other things to Poland. And it was all smuggled out there. And an underground thing was worked out uh-uh-uh for Mister Pope there, and the whole thing, was another, I can't understand how can [the] pope be so much interested in politics of uh-uh-uh Poland and that he wanted to trouble the Russians and it is ... One of the pope's strategy was to exploit the situation in Russia, and today's problems that are coming up are .... Are because of him, the interference he created.

But the pope has now lost his hold in Poland somehow, because this gentleman [Lech] Wałęsa, who was actually a stooge of pope, has lost his elections and people don't want him there anymore.

Whatever it is they all get exposed, no doubt, and all this untruth will have to go. People are getting aware, they are finding out that this is untruth and they're working it out. But despite that, we have to understand that, this little time we have to work out to save them. Because once they are lost too much into it, then is very difficult to salvage.”
