NEWCASTLE VACANCY.

- 31 Beginningless and free from changing conditions, imperishable is the Spirit Supreme. Though he is in the body, not his is the work of the body, and he is pure from the imperfection of all work.
- 30 When a man sees that the infinity of various beings is abiding in the ONE, and is an evolution from the ONE, then he becomes one with Brahman.
- 29 He who sees that all work, everywhere, is only the work of nature; and that the Spirit watches this work - he sees the truth.
- 28 And when a man sees that the God in himself is the same God in all that is, he hurts not himself by hurting others: then he goes indeed to the highest Path.
- 27 He who sees that the Lord of all is ever the same in all that is, immortal in the field of mortality - he sees the truth.
- 26 Whatever is born, Arjuna, whether it moves or it moves not, know that it comes from the union of the field and the knower of the field.
- 25 And yet there are others who do not know, but they hear from others and adore. They also cross beyond death, because of their devotion to words of Truth.
- 24 Some by the Yoga of meditation, and by the grace of the Spirit, see the Spirit in themselves; some by the Yoga of the vision of Truth; and others by the Yoga of work.
- 23 He who knows in truth this Spirit and knows nature with its changing conditions, wherever this man may be he is no more whirled round by fate.
- 22 But the Spirit Supreme in man is beyond fate. He watches, gives blessing, bears all, feels all. He is called the Lord Supreme and the Supreme Soul.
- 21 The spirit of man when in nature feels the ever-changing conditions of nature. When he binds himself to things ever-changing, a good or evil fate whirled him round through life-in-death.
- 20 Nature is the source of all material things: the maker, the means of making, and the thing made. Spirit is the source of all consciousness which feels pleasure and feels pain.
- 19 Just as the omnipresent ether is pure because intangible, so the Spirit dwelling in matter is pure from the touch of matter.
- 18 And even as one sun gives light to all things in this world, so the Lord of the field gives light to all his field.
- 17 Those who with the eye of inner vision see the distinction between the field and the knower of the field, and see the liberation of spirit from matter, they go into the Supreme.

FEBRUARY 10th '95

WELCOME TO AUSTRALIA SHRI MATAJI

"The most beautiful word on the lips of mankind, is the word 'Mother', and the most beautiful call is the call of 'my Mother.' It is a word full of hope and love, a sweet and kind word coming from the depths of the heart. The Mother is everything - she is our consolation in sorrow, our hope in misery, and our strength in weakness. She is the source of love, mercy, sympathy and forgiveness. He who loses his mother loses a pure soul who blesses and guards him constantly.

"Everything in nature bespeaks the mother. The sun is the mother of the earth and gives its nourishment of heat; it never leaves the universe at night until it has put the earth to sleep to the song of the sea and the hymn of birds and brooks. And this earth is the mother of trees and flowers. It produces them, nurses them and weans them. The trees and flowers become mothers of their great fruits and seeds. And the mother, the prototype of all existence, is the eternal spirit, full of beauty and love."

SHRI MATAJI'S HOROSCOPE

Shri Mataji's Horoscope is always a constant source of interest; however, as we enter 1995, we leave the influence of Jupiter and from now on for the next 19 years, we will be influenced by Saturn.

This means we will see the spreading of Sahaja Yoga to the masses and it is predicted that Shri Mataji will witness its spread across the whole world.

SHRI MATAJI'S HOROSCOPE, GIVEN DURING HER LAST TOUR OF AUSTRALIA.
(Chris Kyriacou - Newcastle - 22.10.91)

Horoscope Of Shri Mataji Nirmala Devi.

Shri Ganeshaya Namah, I seek the blessings of Lord Shri Ganesha while making the comparative study and analysis of horoscopes of different Divine personalities a very pleasant and astounding observation has been made. This study has been described in great detail with specific analysis of the horoscope of Shri Mataji Nirmala Devi. The Divine personalities studied are Lord Krishna, Lord Buddha, Lord Christ, Prophet Mohammed, Guru Nanak Dev, Shri Chaitanya Maha-Prabhu, Advi Shankaracharya and Shri Mataji Nirmala Devi. The data on the horoscopes for all others is taken from notable horoscopes by Shri B.V. Raman, the world famous astrologer.

It is observed from the various planetary combinations that the following combinations are very rare and are indicative of the Divinity of the person. These are:

1. Gajkesari Yoga or 5th, 9th position of the Moon and Jupiter. This indicates past Punyas, Punya Sanchaya or highly religious past lives.
2. Saturn aspects the Lagna, it shows the concern for the Masses and the ability for Tapasya - Penance.
3. Ketu the Mokshakarak planet should be in the 9th Dharmasthana showing the Dharma that is established within and not outwardly and the truthfulness. This planet gives the capacity to go all alone.
4. Lagna being aspected by Jupiter and Lagnesh aspected by Jupiter is an added strength giving one the capacity to become world Guru (Jagatguru).
5. Venus or Mercury is the ruling planet in all the cases. If both are there it is excellent because both the planets are Dnyan Karak.

It may be noted that these combinations are present in the horoscopes of all the above mentioned personalities in different quantum (Ansha). In case of Shri Mataji all these combinations are present in full strength. No. 4 combination and No. 5 combination is particularly observed to be very strong in case of Shri Mataji as compared to others. Shri Mataji is born in Gemini Lagna (whose Lord is Mercury) with Moon in Bharani Nakshatra (whose Lord is Venus), which means She is under the ruling aspect of Mercury and Venus.

Shri Mataji is born, 21 - 03 - 1923
13 years and 11 month balance of Venus Dasha.

whole world. Saturn means the masses, the

world. + 19
21 - 02 - 2013

According to the birth horoscope and Sahaja Horoscope of 5-5-1970, Jupiter passed through Libra. Jupiter will again pass through Libra in 1993 and Sahaja Yoga will blossom in the entire world.

Shri Mataji is born with Rahu Nakshatra in Ascendant - Mercury (Gemini) and Moon in Bharanj (Venus) Nakshatra, clearly indicates that Rahu means Films, TV, Radio, (that is either principle) and Venus means Music, file personalities, artists can help. Mercury is the ruling planet of the present day politics (Sahaja can enter through present political system).

In the early Indian Politics at the time of Jawahar Lal Nehru and Mahatma Gandhi, the ruling planet was Venus. Thereafter the ruling planet of Indian politics has been Mercury as all the important political events took place on Wednesday. It may be noted here that Shri Mataji has both Venus and Mercury as Her ruling planets. Thus She has full sway over the past and future of Indian Politics.

Shri Mataji's Horoscope
21.3.1923

1. Three planets Saturn, sun, Moon are ucch abhilashi - Exaltion
2. Saturn, Jupiter are retrograde (Vakri) - Double strength

Venus is totally free from any malefic aspects giving her the name of Nishklankavtar with (10-5) Divine combinations. Just pointing to us who She is.

I bow to the Almighty God Shri Mataji Nirmala Devi who is the Nishklank Avtar which our Puranas are speaking from centuries.

Lalit Bhandari

This is further confirmed from the horoscope of 5.5.1970 (Sahaja horoscope) which is almost identical with Shri Mataji's horoscope, having Gajkesri with Jupiter in Libra, Saturn aspecting Sahaja Lagna, Sun exalted. From this we see that from 15 August 1990 Sun's period is up until 15 August 1996 during which all great souls will be attracted to Sahaja Yoga and have their inner (spiritual ascent) purification and then from 15 August 1996 for 10 years the Moons Dasa is starting that is it goes to the Masses, and the work is completed up until 15th August 2006.
